**Notice for procurement of Optical-Based Fibre Diameter Analyzer 4000 (OFDA 4000)  
being Closed System under Rule 166 of GFR, 2017**

The **Central Wool Development Board (CWDB), Jodhpur, Ministry of Textiles, Govt. of India** intends to purchase **Optical-Based Fibre Diameter Analyzer 4000 (OFDA)** at its Wool Testing Centre, Bikaner having following detailed specification: **Fibre Properties identified**-Fineness (Diameter): 4-30 Micron, Length: 5-280 mm, **Standard:** IWTO-TM-62, **Fibre type identified-** Wool, Cashmere, mohair, alpaca, and other textile fibers with a near round cross-section.

As per the available information, the aforementioned equipment is exclusively manufactured by **M/s. Robotic Vision Pty Ltd, Australia**, and is a **proprietary product**. The said company sells its equipment through its authorized dealer **M/s. Imposub Solutions, Gujarat**, which is the **sole authorized dealer in India**. In case any other **OEM or authorized dealer** exists for the said equipment, or claiming that it is not a **proprietary product**, they are requested to submit their proposal to **CWDB** by **e-mail (woolboard-textiles@gov.in)** before **01.12.2025**. Failure to respond within the stipulated time will be considered as confirmation that **no other firm manufactures the required equipment**, **no other authorized dealer exists**, and the procurement process will proceed and be finalized based on the available source.

**Executive Director**
